CITIZENS COORDINATE FOR CENTURY 3

2017 Candidate Info Sheet ~ Eden Nguyen

I have an interest in the planning of our region to provide livable and progressive communities that people would enjoy living in and visiting. C3 is an opportunity for collaboration and education for the planning of our communities. I have been exposed to many issues through the C3 breakfast dialogues and workshop I have attended. As a community member I enjoy volunteering for various events from affordable housing to open space enhancement throughout the County.
